

Horse Cookies & Good Times!

How we got our name

We are a very different horse cookie company. We wanted our name to reflect that. Those who have been lucky enough to have their lives touched by the horse understand what enrichment & joy they bring. The name was born. I never get tired of watching horses buck, fart, & run for the pure pleasure of it. The name brings smiles, laughs & good time stories from our customers about their horses. I wouldn't have it any other way.

Enjoy!

Jennifer Ambacher, Owner

The "Buck" came from the owner's first horse. Mac was an American Quarter Horse who could put on a show matching the best rodeo bronc. Put a saddle on the Macaroni and he became as wild as a wet noodle.

The "Fart" came from this feisty American Paint Horse, Charm. She was known to have a strong opinion on things. Charm's nickname is also "Stinky".

The "Run" is always evident with professional barrel racer Lyndee Stairs. Seen here making a smoking run home on Jettin' Bye.
